

FIG. 1A

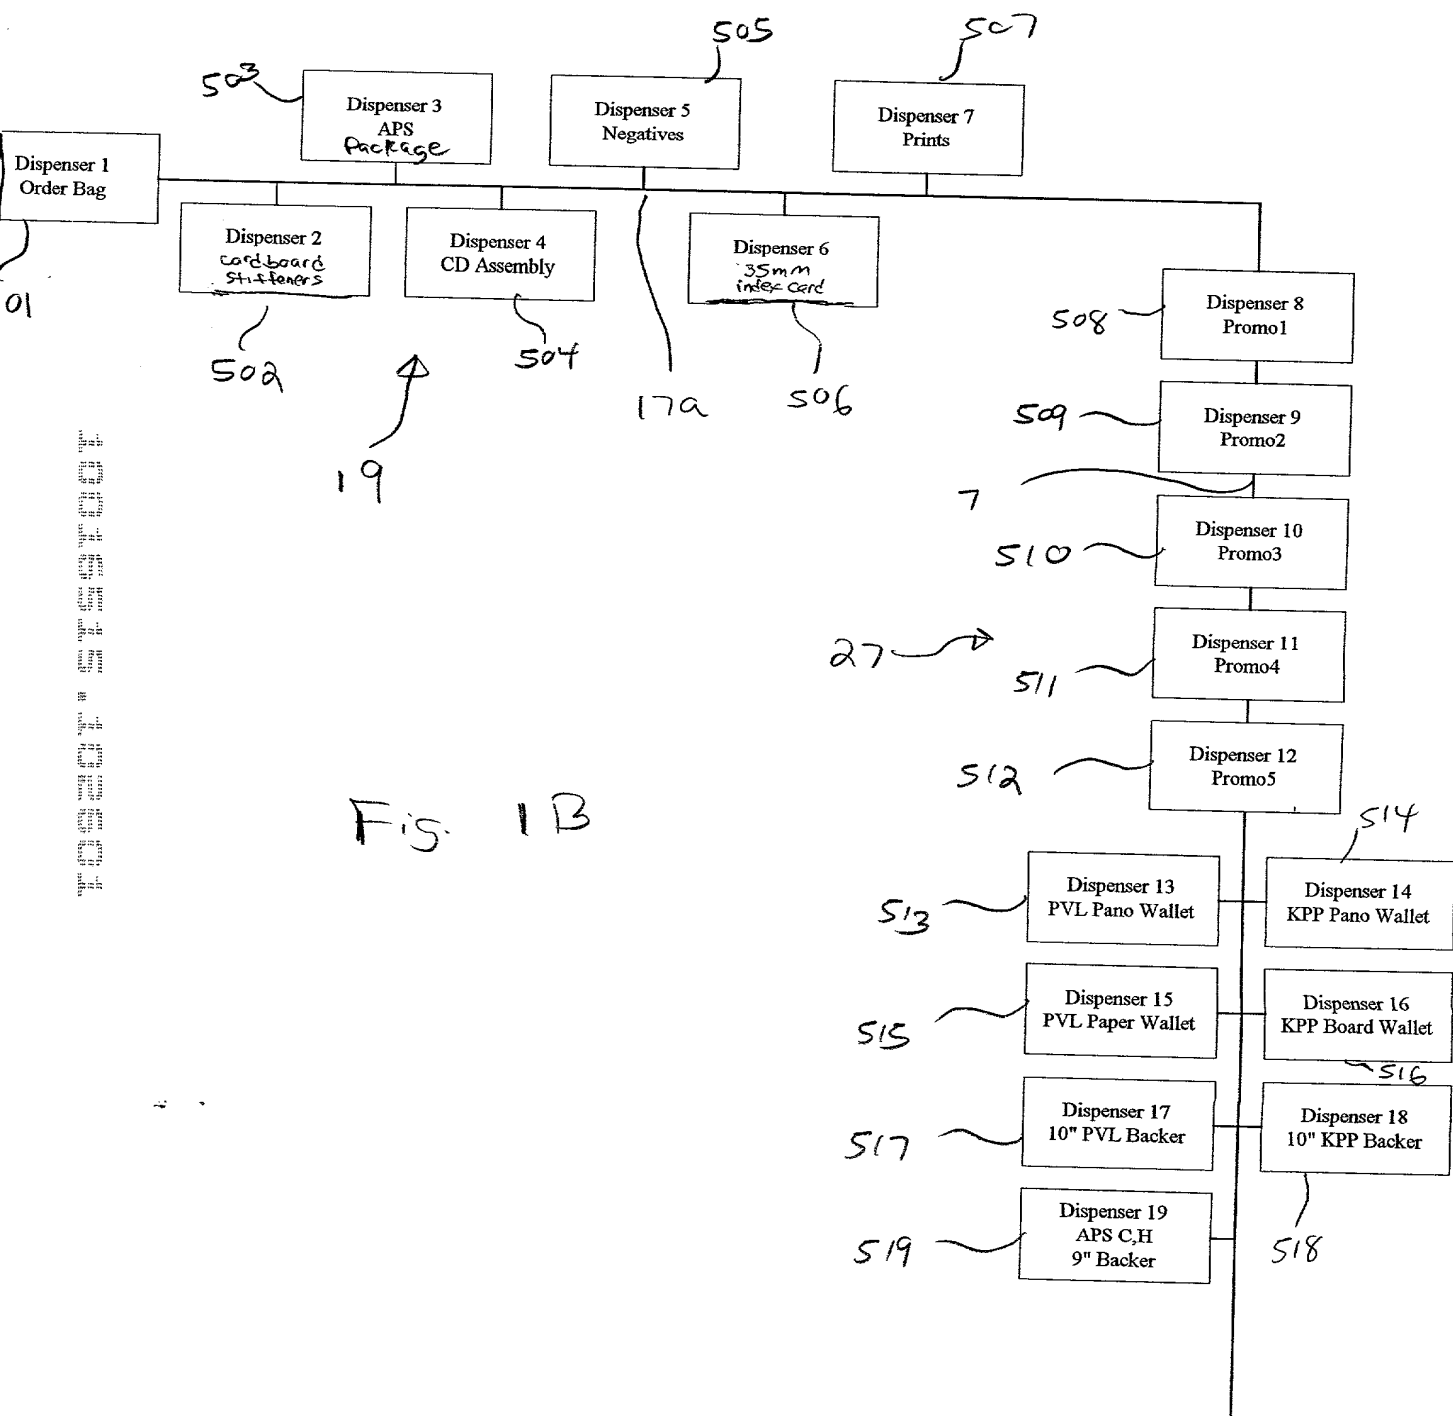

FIG. 1B

FIG. 1 is a schematic diagram of a system for controlling a plurality of devices, such as lights, fans, and the like, in a building. The system includes a central control unit 10, a plurality of input devices 11, and a plurality of output devices 12. The input devices 11 are connected to the central control unit 10, which in turn is connected to the output devices 12. The output devices 12 are connected to a power source 13. The system is designed to allow a user to control the output devices 12 through the input devices 11.
